Buenos Aires, Argentina
(+54) 9 1156559234

dvoskingaston@gmail.com
linkedin.com/in/gaston-dvoskin - *github.com/gastondvoskin*

Full stack web developer with experience in Single Page Applications development using agile methodologies and technologies such as JavaScript, React, Redux, HTML, CSS, Node.js, Express, and Sequelize. With 10 years of experience as a Director of cultural projects, which has provided me with leadership skills, planning, brand development, institutional representation, and fundraising. Possessing analytical capabilities and emotional intelligence. English proficiency level: C2 (advanced).

TECHNOLOGIES

Programming Languages: Javascript, Node.js. Frameworks: React, Express. Database: Sequelize, PostgreSQL. Tools: Git, GitHub, Slack, Figma, Trello, Vercel, RailWay, Auth0. Agile Methodology: Scrum.

PROJECTS

Full Stack Web Developer - Ecommerce "Vianda Express"   Jun. 23 - Jul 23.
Academic Experience. Henry Bootcamp
Development of a healthy meal Ecommerce platform that allows customers to filter, add products to their cart, make online purchases, edit their data, access their favorites, and leave reviews. The admin can view statistics, manage orders, and make modifications to the products.
- Lead the team by assigning tasks to each member and monitoring progress.
- Plan the overall project structure.
- Deploy the application on Vercel and Railway.
- Style components and views for an enjoyable and intuitive user experience.
- Implement full-stack logic for users, including login, backend routes, user role-based filtering, and final front-end rendering.

Front: JavaScript, React, Redux ToolKit, CSS, Auth0, Sweet Alert, Font Awesome.
Back: NodeJs, Express, NodeMailer, MercadoPago, Cloudinary.
Database: PostgreSQL y Sequelize.
